

FROM THE PRINCIPAL

Dear Parents and Community Members,

This is the Oregon Report Card for MITCH Charter School. It includes information about our school's performance on the Smarter Balanced Assessment. While changes in the state accountability are being implemented, schools will not receive overall ratings on this report card, as they have in the past.

MITCH is a small, vibrant public charter school educating kindergarten through 8th grade students by partnering with families to create a positive, supportive community dedicated to every child's success. We teach a rigorous liberal arts program in language arts, history, geography, mathematics and science, and art and music – purposefully integrated and sequenced from year-to-year. We are serious about multi-sensory and hands on teaching in the classroom,

and through our focus on sustainable urban agriculture.

A child's education is vitally important to parents and, in Oregon, parents have a choice in where their child attends school. Parents who choose MITCH Charter School are providing an extraordinary education for their child.

Visit our website at mcs.k12.or.us to learn more about the exceptional public school opportunity available to your child. We look forward to talking with you, meeting you, and most importantly, educating your child.

Thank you,

Director | Melissa Meyer

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

2014-15 was the first operational year of the new English language arts and mathematics assessments.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
