

Code: EBBA

Adopted: July 2017

MITCH Charter School

First-Aid

In cases of sudden illness or injury to a student or staff member, first aid will be given by MITCH staff. Further medical attention to students is the parents' responsibility, or of someone the parents designate in case of emergency.

The administrator is charged with providing for the immediate care of ill or injured persons within his/her area of responsibility.

Staff members shall report self-administered first-aid treatment to an immediate supervisor.

Procedures for handling health emergencies will be established and made known to the staff. MITCH will be equipped with appropriate first-aid supplies and equipment. All employees are expected to know where first-aid supplies and equipment are kept in their work areas.

Designated employees shall hold current first-aid cards. In compliance with Oregon Administrative Rules, MITCH shall have, at a minimum, at least one staff member with a current first-aid card for every 60 students enrolled or an emergency response team per building. Such team shall consist of persons who hold current first-aid/CPR cards and who are trained annually in the district and building emergency plans. Names of the designated employees will be posted.
